About True World Foods

True World Foods has come a long way from its humble beginnings in the mid-1970s when the company — then a modest enterprise known as New York Fish House — sold fish to passersby on the streets of Brooklyn, New York. With an unwavering dedication to quality, a constant commitment to our customers and a strong work ethic, the company has steadily grown into the preeminent distributor of Asian specialties. Today, an organization that started out as a modest supplier of fresh seafood now operates more than two dozen independent locations throughout North America. We offer a diverse and wide range of premium products with a decidedly Asian focus, including frozen seafood and non-seafood items, fresh produce, gourmet meats, dry grocery products and a full line of restaurant tools, supplies, tableware and equipment

From the early days of one simple location in Brooklyn to more than two dozen locations in Europe and Asia, the mission of True World Foods remains the same: a steadfast dedication to providing our customers with a superior level of service and the freshest, safest and tastiest products available.

Customers Testimonials

Mr. Ota at Sushi Ota

"My relationship with True World Foods began before I opened my own resataurant, so it's been over 30 years already. They always support us by supplying fresh and high-quality products. There have been a lot of ups and downs throughout the years, but thanks to True World Foods' flexible service and steady supply of high quality products, we have been able to manage the restaurant until now. We strive to serve the best for our customers. Even throughout this COVID-19 crisis and subsequent limited product availability, they have found many ways to provide quality fish, and I am grateful for that. Along with all of our staff, I will continue to do my best with the support of True World Foods to serve our customers."

SUSHI OTA

Sushi Ota is a popular sushi restaurant located in the beautiful city of San Diego. This casual venue is spacious and comfortable. The dining room is styled with lots of table and booth seating, high ceilings, a variety of modern lighting styles and large windows. Customers Testimonials

Mr. Suzuki at Matsuri

"We have been doing business with True World Foods Miami for more than 30 years. Our restaurant is one of the oldest in Miami and can satisfy any type of customers, from high end to casual. They all enjoy our quick service and especially, the good quality, fatty Tuna provided by True World Foods Miami. It is not flattery that they have been very flexible with our urgent requests and helping us to be successful for the last 30 years. I will keep this relationship with True World Foods as long as possible."

MATSURI

Matsuri is a Japanese restaurant located in the heart of Miami. It has an extensive and creative sushi menu, in addition to several Japanese entrées full of exotic flavors and spices. Matsuri has several hot dinner options, like chicken and beef teriyaki, as well as stir-fried pork in a ginger sauce. The most popular starter is the beef sashimi carpaccio, which is refreshing and unique to the Matsuri menu. If out with a group, order the Go-To-Go Special, which is 28 pieces of sashimi, several slices of shellfish, 22 pieces of sushi and three rolls. This spread allows guests to sample all Matsuri has to offer.

Mr. Weissgerber at Caprice Holdings - Sexy fish

"A big thank you for all of the great tuna, sea urchins, yellowtails, snappers and other delicious, extremely tasty and fresh products.
The first time I worked with True World Foods was in the USA in 2007. It is a company that understands that compromises are not an option. We, as chefs, have to guarantee the best for our customers and True World Foods is a great partner in this endeavour.
Back in London, I highly appreciated the commitment of True World Foods to get the freshest items into our restaurants. If it's possible - True World Foods will do it.
Great company with outstanding customer service."

Customers Testimonials

Mr. Aoki at Sushi Aoki

"I've been working with True World Foods since I came to New York in 1987. I've truly been helped by their response to specific orders. I'm sure other restaurants also feel that True World Foods is an indispensable fish supplier here in the U.S. My goals are to value each customer and end the day without issue. I always accumulate small goals for tomorrow, but my main goal is to be able to close for the day with a smile every time, be glad that I opened this restaurant on my own and continue to work with True World Foods."

Mr. Yu at Omakase Table

"I have had a relationship with True World Foods for over 13 years, starting in New Jersey, and now I utilize True World Foods' services for my own restaurant - one of Atlanta's first omakase only concepts. They have always provided me with the best ingredients coming straight from Toyosu Market. I am glad that True World Foods is in Atlanta so I can continue only using the finest ingredients for my omakase!"

Mr. Kusakabe at Kusakabe

"I have been working with True World Foods for almost 20 years since I was in the East Coast. In the past it was very difficult to order some ingredients that are now common in the U.S. and I often asked True World Foods sales rep to research and bring those special ingredients to the U.S. from Japan. For me, who you work with is as important as the quality of the products. I have worked with a lot of True World Foods sales reps and they are all nice, enthusiastic people. I am not exaggerating, they are all wonderful people. Because of them, I can work comfortably as a chef."

Mr. Matsuda at Daruma

"We started doing business with True World Foods in 1996 so it's in the 25th year now. We are the only restaurant offering semi-private seat sections "zaseki" in Chicago, and we have a lot of customers requesting for them. We can make the section bigger or smaller according to the number of customers, by dividing them with "fusuma doors". We have never changed our taste since 1996, and we will keep serving our customers with excellent service, and love. We get our fish without any mistakes and appreciate that they come on time. If there is an issue, they correct it right away. We really appriciate the service that we get from True World Foods."

Mr. Chen at Taka's Sushi

"The relationship between Taka's Sushi and True World Food has lasted almost 15 years and counting. Throughout my career as a sushi chef, True World Foods has always been our main supplier of fresh seafood from Japan. I believe we have created a very strong bond with each other. Taka's Sushi is a restaurant that serves top quality Japanese food including rolls, sashimi, nigiri, and aburi sushi. Our utmost priority is to provide the best culinary experience for our customers, and to do so, we rely heavily on our trustworthy supplier, True World Foods. We are thankful to have such a reliable partner in our corner all these years and will definitely continue to put our trust in True World Foods in the future."

Mr. Anderson at Seminole Hard Rock Hotel and Casino Tampa

"I have been working with True World Foods for over 10 years between Los Angeles, Boston and now Tampa. Two things stand out about True World to me. First is their customer service, which is truly top notch. They are always willing to go the extra mile. At the casino, we deal with huge volumes and they are always willing to make a second run to accommodate. They are constantly bringing new products for us to try to keep us updated with food trends. Second is quality, which is most important to me. They only carry the best of everything, not only seafood, but produce, herbs, etc. They only send the best. No matter which city I am cooking in, True World Foods is my go-to supplier."

Customers Testimonials

Mr. Sato at Yosaku

"It has been almost 30 years since I met True World Foods for the first time. It was in 1987 when I was involved in an uni businesss in Rocky Neck. I have now opened my own restaurant after managing a Soba farm in North Maine, as I have a passion to promote healthy Japanese foods. My impression of True World Foods is that they were always honest and trustworthy. I believe that they won't change their professional attitude towards work. I look forward to serving authentic Japanese foods with True World Foods."

Mr. Oyama at Sushi Ryusei

"I've had a relationship with True World for 20 years. My first boss introduced me to True World when I came to NY and didn't know anything, and I have been doing business with them since then. We rely on True World for the fish selection. When we receive the fish we ordered, first we check the fish's eyes, then the luster, and finally the elasticity. I think that the trust we have built over the years has allowed us to maintain a good relationship even now."

From Toyosu Uni Auction to Your Table

Who chooses the Uni for you?

Our Uni is sourced throughout the world and air shipped to the U.S. for chefs, home chefs and private dining. We have been one of the biggest buyers of Japanese Uni at the Toyosu Market and have had years of experience in choosing, buying and winning top quality Uni.

At Toyosu Market, around 10,000 Uni trays arrive every morning.

Uni auction starts around 4am. Only selected buyers are allowed to participate in the auction.

Each box is carefully selected and won every morning by our very own Uni purveyors in the market.

The Uni is individually sorted and checked for the quality by our staff, before being packed and flown to the U.S.

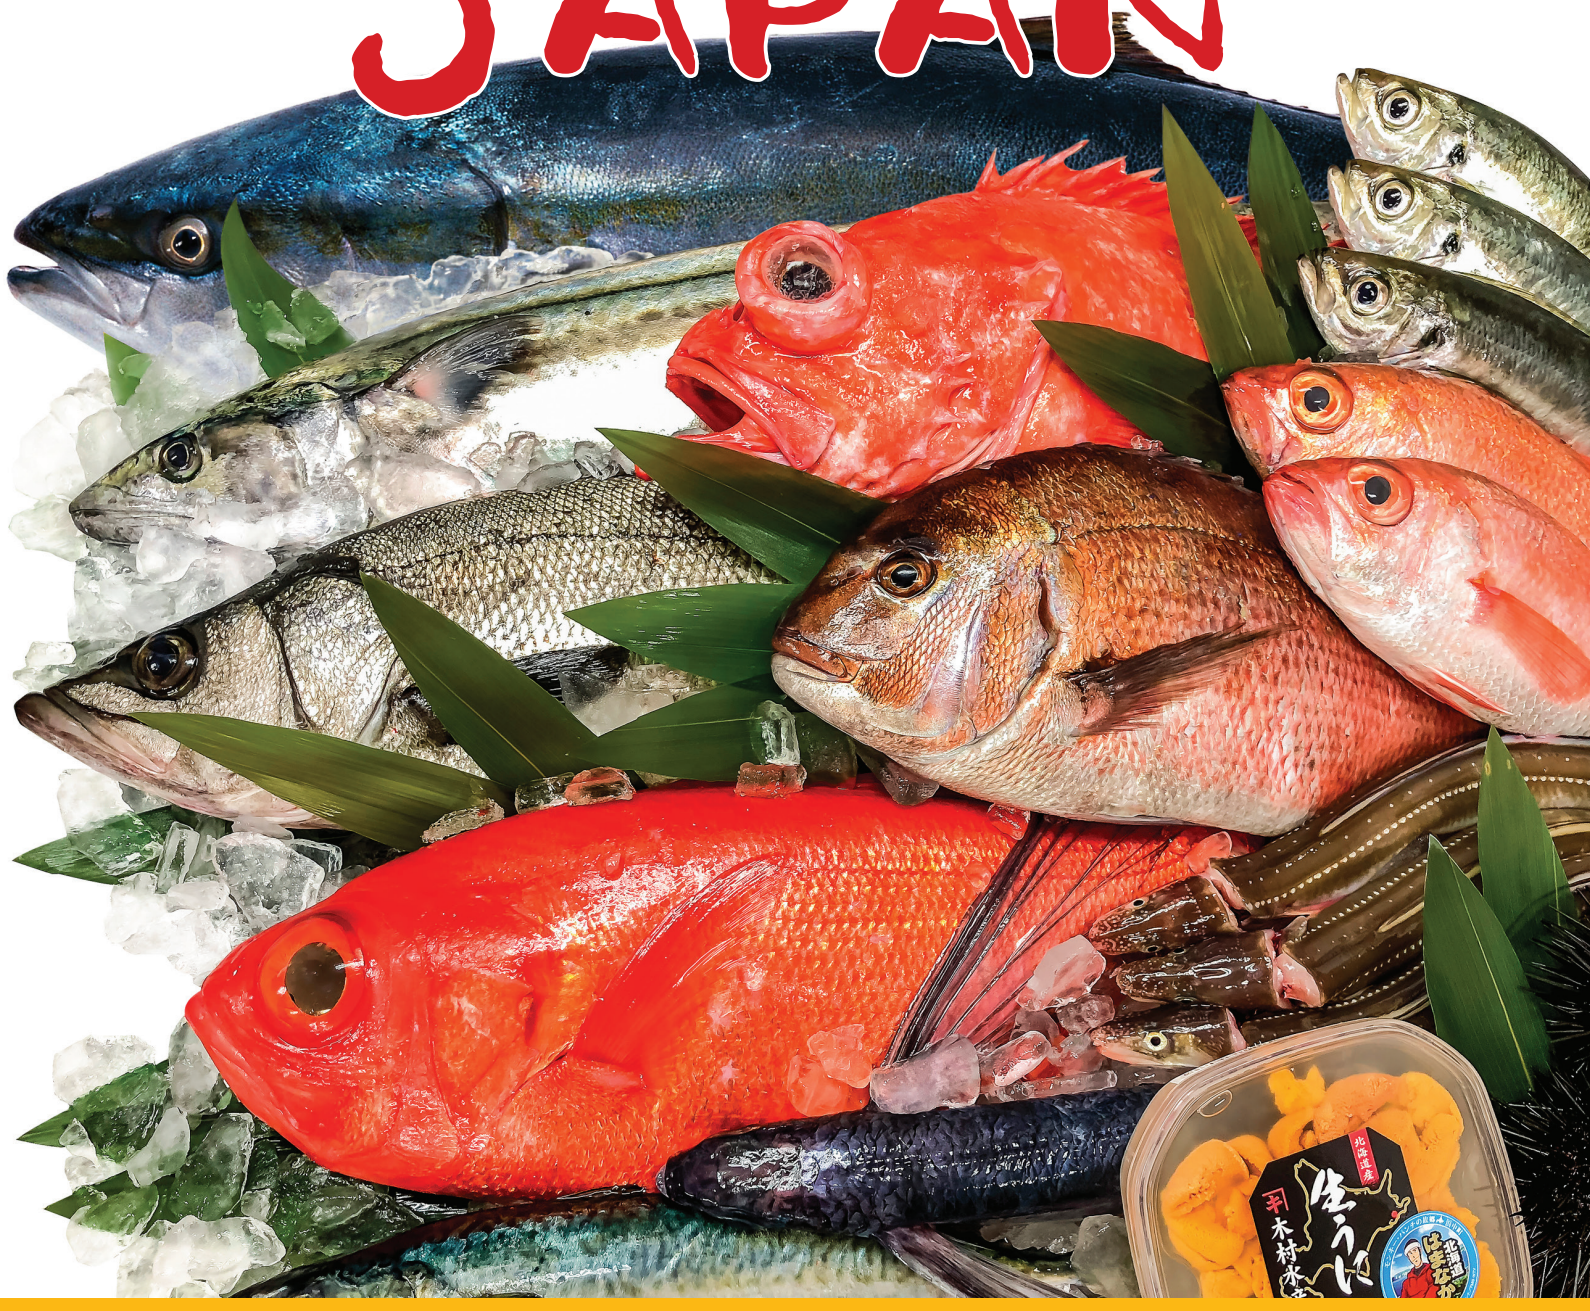
True World FOODS

TOYOSU Express 豊洲

TM

Quality Seafood Direct from

JAPAN

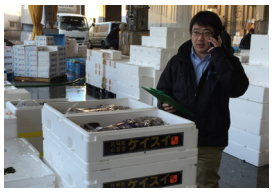


Toyosu Express

Toyosu Express® is the ultimate door-to-door service, delivering the highest quality fish directly to your restaurant from the world's biggest fish market, Toyosu. No matter which city you are in across the U.S., the bounty of Toyosu Market is now close at hand.

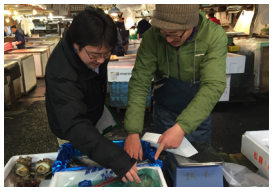
1. The "elite fish" caught in Japan's regional waters is brought to Toyosu.

Thanks to the unique geographical traits and ecosystem of Japan, vendors based there consistently produce high-quality seafood that is renowned worldwide. The "elite fish" caught nationwide are brought to Toyosu Fish Market in Tokyo, where True World Foods has unparalleled access thanks to its exclusive partnerships.



2. Orders are placed with our Toyosu buyers in Japan.

At True World Foods, the moment we receive your Toyosu order, we relay it to our own buyers in Japan. That very morning, our buyer stationed at Toyosu will fulfill your request. We also provide our customers with a monthly Toyosu Express® Air Shipment calendar to make Toyosu track-keeping easier.



3. The finest fish are selected.

When our Toyosu buyers are at the market, you can be certain that they will only choose the best fish out of the prestigious selection of "elite fish" to ship out to the U.S.

4. Overnight air shipment to the U.S.

After we procure your order, it travels overnight by air to the U.S. From there it will reach the closest shipment center to you.

5. Safety and quality inspection at TWF's facility in the U.S.

Upon arrival in the U.S. the fish is immediately transferred to a True World Foods facility, where we examine the products according to FDA protocols.

6. Checking the quality of fish.

After the fish is cleared by the FDA, True World Foods employees perform another inspection. This is to check for any signs of damage or deterioration of its quality. Only the best fresh fish make it to our customers, like the Aji shown above.

7. Efficient delivery to restaurants.

The fresh fish shipped directly from Toyosu are essential to the menus at restaurants. They depend on True World Foods to provide perfect ingredients that meet the standards of Japanese specialists seeking the authentic and exquisite taste of sushi.

8. Satisfying your customers.

When it is served to your customers, the food will taste so fresh as if it never left Japan.

Toyosu Express

Ultimate Fish Delivery Service from Toyosu to Your Restaurant

No other name may be so closely associated with high-end fish than "Toyosu". This venerable fish market in Tokyo is world-renowned for being the direct access point for the most sought after fish in the world.

This is a place that everyone is allowed to visit. However, when you come to buy fish at the market, then it's a different story. You immediately sense that you are stepping into the wrong place if you just come in the market to buy a few fishes for dinner. It's simply a different place and atmosphere created by both a long history and professionalism.

True World Foods fish buyers have unparalleled access to this sanctuary. From early morning, they are working through the whole market to inspect and handpick the fish and other seafood, or talk with incredible number of vendors of Toyosu. This ensures that you get, though the direct connection to the market and dedication of the buyers, the freshest Toyosu fish within 24 hours. That's what we call "Toyosu Express".

With Toyosu Express, your order is delivered to you via our ultimate shipping method, which has been perfected over time through extensive research and development, to get your order to you in the same condition as when it left the Toyosu Market. When it is delivered to your restaurant, it is as fresh and safe as you can get in Japan.

No matter what city you are in, the Toyosu Market is now close at hand. We are looking forward to see your smile when you impress your customers with something rare and exciting like Toyosu Fish.

Insight of Toyosu Market

YAMA-HACHI 山八

YAMA-HACHI is one of the largest wholesalers in Toyosu Market. They have 16 locations inside the market, handling mostly Uni, Shrimp, and a variety of other fresh seafood. True World Foods has used YAMA-HACHI products more than a decade. We simply trust their “judgement ability” to be able to pick the best products. Such “trust” is more earned than given at Toyosu Market. Our long-time relationship has proven that our products are trustworthy and the best for your customers.

A Thriving Aquarium Where Our Live Fish Are Maintained

At True World Foods New York, we have carefully maintained a room for 20 years that has 25 specialized tanks. This is where we keep our live fish stocks. Mr. Morikawa (picture left) is responsible for taking great care of this room. Using his vast years of experience and knowledge, he maintains the right temperature, salinity and cleanliness for the water tank - the most important factors in keeping the fishes healthy and preserving their freshness.

True World Foods is proud to serve various kinds of live fish and also dedicated to serving you with passion.

SAKAI TAKAYUKI

JAPANESE TRADITION

Japanese swords have been a status symbol since ancient times. The core blade is forged by folding selected steel many times and features supreme sharpness and brilliance; it is has been said that the human soul dwells in the sword. Japanese knives are actually works of art descended from Japanese swords, and we proudly present them to the world. The quality of meticulous workmanship represents the pride of masters who create quality knives, and this quality is ensured by traditional skills that have been continuously inherited from their predecessors. Japanese knives have their own unprecedented shapes and are without parallel in the world as knives created for cutting different foods, including fish and vegetables, and are vital for delicate Japanese dishes. Our staff members wish that you would pick up the Sakai Takayuki brand products, which maintain the traditional skills of Sakai's Japanese knives and demonstrate the skills of world class masters.

Just like “rainbow” in English, “nanairo” is a Japanese term describing a multitude of colors, making it the perfect name for this new, colorful line of traditional Japanese knives. Born out of a collaboration between Sakai knife makers and masters of traditional Echizen lacquerware, these beautiful and hygienic knives are waterproof and durable to a degree unattainable with wooden handles. The Nanairo handles are injection molded from ABS and finished in a wide variety of different designs, all with a sense of traditional Japanese beauty. When taking up a Nanairo knife in your hands, it will feel well balanced, pleasantly warm to the touch and overall similar to one with a standard wooden handle. The blades are made from stainless, high performance molybdenum steel and are ground and sharpened by the craftsmen of Sakai. Their excellent geometry and sharpness make them suitable for demanding professional use. Available in 14 designs and 4 blade lengths from 210 to 300mm (30mm increments) for a total of 56 combinations.
